

DESIGN NOTES:

Dutch heritage subtly shapes the design of W Lounge, where traditional elements are reinterpreted in a bold, contemporary way. One striking feature is the mirror installation, inspired by the “spy mirrors” once commonly found in windows in the Jordaan—one of Amsterdam’s most iconic neighborhoods. These mirrors allowed residents to discreetly see who was standing outside their door, adding a playful layer of curiosity and observation to the space.

This dialogue between tradition and modern design continues with a reimagined Dutch classic: wooden shoes. Finished in gold and neon orange, the clogs transform the coffee table into a statement piece. Historically valued for their affordability and natural water resistance, wooden shoes protected feet from the wet Dutch climate. In the lounge, they appear as bold design objects and instant conversation starters.

Completing the setting are three rows of Delft Blue tiles featuring the well-known Dutch saying “Oost West, Thuis Best,” meaning “There’s no place like home.” These traditional wisdom tiles reflect generations of Dutch folk knowledge and bring a sense of familiarity and warmth into the contemporary interior. Together, these elements celebrate Dutch identity through a modern, unmistakably W lens.
