NOUN: TERROIR

/tɛr'waː, French tɛrwar/

The complete natural environment in which a particular wine is produced, including factors such as the soil, topography, and climate.

The characteristic taste and flavour imparted to a wine by the environment in which it is produced.

AN ICON OF THE HUNTER VALLEY

A benchmark family estate with over 160 years of heritage, Tyrrell's has helped define Australian fine wine. Renowned for its iconic Semillon – led by the celebrated Vat 1 the most awarded Australia's white wine – and a pioneer of Chardonnay, the winery balances tradition with a progressive, future-focused approach.

"While the Hunter Valley was Australia's first grapegrowing region, it's still a progressive wine region. It's all about keeping half an eye on the past and one and a half eyes on the future."

As one of Australia's oldest family-owned wineries, Henschke has been making wine for over 150 years in the Barossa's Eden Valley. Established in 1868, Henschke is resolute in its desire for complete integration of vineyard and winery, through six generations of family grapegrowing and winemaking tradition in the Eden Valley, Barossa Valley and Adelaide Hills.

Hill of Grace and Mount Eldestone are arguably the two oldest single vineyard wines produced in this country that tell the wine story of Australia.

"Our vision would not be complete without the expectation that future generations will uphold and perpetuate our belief that such ancient and unique single-vineyard sites can produce exceptional wines that are prized for their beauty to rarity".
